Submits for sanction the rules framed by the Mund Council

2. Sec 4 of the Public Conveyance Regulation lays down that a Mund Council may make rules in the manner in which, under the law for the time being in force, it makes bye-laws for the regulation and control of other matters within its limits. In para 2 of the letter, the President says that objections & suggestions were invited called for by publishing the rules in the Mysore Gazette & that the rules were amended with reference to the suggestions received. Under Sec 48 (3) of the Mysore Mund Regulation, every objection or suggestion made should be submitted along with to Govt for information along with the bye-laws concerned bye laws It is a point for consideration whether the suggestions received in connection with the rules in question should not have been submitted to Govt

3 The following remarks are submitted as regards the rule.

Rule 1. The Public Conveyance Regulation does not seem to contemplate that the Animals should be licensed.

Rule 2. 'Motor Car.' In the definition of 'public Conveyance' Motor Car is not included nor bicycle and tricycles.

Rule 4 'or animal' in line 1 may be omitted.

A. IV & V. (Motor Cars & Cycles). Next should be expunged

Rule 5. 2. Fares by distance. The rules, suggestion are for the regulation & Control of public Conveyance, within playing for hire within the Municipal limits. Fixing of fares by distance is of very little use. Under the rules the owner of a public Conveyance, any a public owner, is bound to take 4 passengers for a fare of 2 as from.

from the Railway Station to the College Students' Home or Chamney Agrahar. The passengers will not be able to secure Conveyances for by agreeing to pay fares by distance. Besides, it is not possible to know the exact distance in a town. Under these circumstances it is desirable that fares are fixed for different localities from different Centres in the City, say, from Railway Station, market, Law Courts, Cubbi's Office, etc.

Rule 7. It is not clear why motor cars & cycles have been omitted from the rule. ~~This is a drafting error I take.~~

Rule 8. For 'Owner thereof' in the last but one line 'transferee' may be substituted.

not necessary spl

4. Rules under Sec 7 (h), (i), (n) & (o) which are important have not been framed.

- not necessary as that the rules when framed should be may be. Fresh rules may from time to time be framed in certain areas spl

11 11 1912 (12) 13. There are two points in the rules submitted by the Mysore Govt Mr Conrad which require consideration + order Firstly, Rule No I is worded as if animals intended to be harnessed to a public conveyance require to be licensed This is not necessary under the Public Conveyances Regn + so Rule I has been recast to obviate this objection

14. The Govt has included motor cars + bicycles under these rules This is not correct The Regulation does not apply to such conveyances at all and the portions relating to motor cars + bicycles motor cycles etc will have to be omitted

15. Another important point for consideration is the amount of the license fee proposed to be levied In Ml towns, owners of hackney carriages will have to pay not only the hackney carriage license fees but also the animal + vehicle

taxes that may be imposed under the Mkt Regulation Therefore the licence fees have to be fixed in such a manner that the payment of both does not become a hardship In the case of Bangalore City, the payment of both the taxes was complained of by the owners of hackney carriages, and Govt have recently ordered, in their no 2589 Mkt 365-11-13 dated 26/9/12 that hackney carriages in Bangalore may be exempted from the payment of the annual & vehicle taxes under the Mkt Regn and may be made to pay only the licence fees according to the rates prevailing in the City Station -

The Pres[t] Mk Council Mysore may be requested to state what proposals he would submit in connection with this matter, whether he would suggest the exemption from annual & vehicle taxes & increase the licence fee now proposed

for the time-being including horses, carriages and harness, and spare horses intended to be used for hackney carriages are required to be licensed. Motor-Cars and Motor-Cycles kept for hire are required to be licensed under the Indian Motor Vehicles Act. There is, it is understood, a proposal to make necessary alterations in the Bangalore Hackney Carriage Rules and the Rules framed thereunder so as to include these Conveyances also.

21 It is not known whether in the Bangalore City Municipality animals intended to be harnessed to a public Conveyance are required to be licensed. Steps calling for information is submitted.

22 The Bombay Public Conveyances Act VI of 1863 and the Madras Hackney Carriage Act of 1879 do not seem to apply to Motor vehicles kept for hire. The definition of the words "a public land Conveyance" in the former Act and that of "the Hackney Carriage" in the latter refer to Carriages drawn by horses or other animals. If directed, information about the practice in these two Presidency towns

(iii) Rule 8 A four wheeler in the Bangalore City and in the K.G.F. Fields can carry only 6 persons inclusive of the driver in the former & driver & boy in the latter.

No distinction is made between a four wheeler drawn by a pair of horses & that drawn by a single horse. 7 persons for a four wheeler drawn by a single horse appears to be a very heavy burden.

iv Rule 9 In interpreting this rule passengers should be taken not to include the driver & the attendants

882 lbs in the first item is evidently a mistake for 672 lbs.

A clash comparing the provisions in the Rules relating to further conveyances in the two Cities & the K.G.F. as regards other carrying of passengers & luggage is

Not obvious to us. Special 9 it is intended to put upon the passengers, we may leave it to be worked out in practice.

Memo of suggestions in respect of the rules framed by the Mysore City Municipality under Section 4 of Regulation VII of 1911 for the regulation and control of Public Conveyances.

---

1. Rule No.1 will be changed to

" No person shall keep or ply for hire any conveyance of the description given in Rule 2 below, within the Municipality without -- obtaining a license therefor from the President or other Officer ---- appointed by him in that behalf", for, the Municipality evidently does not require a license being taken for keeping or plying for hire merely an animal, to which Regulation VII of 1911 does not extend

2 In rule 2 for (4.carts Re 1-0-0) read "4 Double bullock carts Rs 1-8-0" and add "5 Single bullock carts Re 1-0-0"

3 To rule 3 add "Every such licensee shall wear a badge on his right ~~arm~~ bearing the No of his license The badge shall be supplied free of charge"

No person below the age of 15 years or suffering from any infectious disease shall be given such license"

4 In rule 4, omit the words "or animal" omit also the words"Firstly as to conveyances" and rewrite the requirements as below -

(i) After the word "tidy" add the words "together with the animals and harness, if any used therewith"

Strike off requirement (V) as there is a provision for this in the Police Regulation

Add to the note the following after the word clear "and will be required during nights".

Omit the words "Secondly as to animals" and requirements (i) to (iv).

5. On Page 2 for (v) read "5" for there is no rule 5 at present Under this rule omit clause "by owner of conveyances kept in this behalf" for it is a repetition of what is provided in rule 11 condition viii.

6. In rule 9 to clause (a) after the word "hour" add "but not more than 8 miles an hour", to clause (b) after the word "hour" but not more than 6 miles an hour", and to clause (c) after the word "hour" add but not more than 4 miles an hour"

Then adding the following proviso

"Provided that at dangerous corners the speed shall be slackened to avoid accidents"

"A corner will be considered dangerous -

(1) When the driver of a vehicle approaching it on one street cannot see a vehicle if approaching on the other street,

7 In rule 11 after condition viii add the following as condition ix

That he shall not allow his conveyance covered by the license to be plied for hire by anybody other than a licensed driver"

Accepted

(Change the present condition ix to x and thereunder insert the conditions of a driver's license in italics

2. I am to add that no motor cars or motor cycles have so far been licensed in this Presidency as public conveyances to be kept or plied for hire, but section 11 of the Madras Motor Vehicles Act, 1907 (I of 1907) gives power to the Local Government to prohibit the letting or plying of a motor vehi-

vehicle for hire except under a permit.

Letter No. 2609, dated the 5th April 1913, from the Under Secretary to Government of Bombay, to the Hon'ble the Resident in Mysore.

I am directed to acknowledge the receipt of your letter No. 1744, dated the 14th March 1913, requesting information as to (i) whether under the Public Conveyance Act in force in the city of Bombay, animals intended to be - - - harnessed to public conveyances are required to be licensed independently of such vehicles and (ii) whether motor-cars and motor-cycles kept or plying for hire are treated as - - public conveyances and licensed by the authorities.

2. As regards the first, I am to reply in the negative. As regards the second, I am to state that motor-cars and - - motor cycles do not come within the category of public conveyances as defined in the Public Conveyances Act (Bombay, Act VI of 1863) but are governed by the provisions of the Bombay Motor Vehicles Act, (II of 1904). No motor vehicle can be used unless it has been registered and, when a notification under section 9 of the Act is issued with respect to any area, motor-vehicles can only ply for hire within that area under a permit.

Sir,

With reference to the correspondence ending with your letter No. 59 dated the 8th October 1912 forwarding the objections received in regard to the draft of Rules framed by the Municipal Council under section 4 of the Rangoon Public Conveyances Regulation VII

over

SUBJECT

(7)

of 1911, I am directed to observe that the rules 1 & 4 will have to be recast suitably so as to exclude animals intended to be harnessed to public Conveyances, inasmuch as under the Regulations they cannot be required to be licensed independently of such vehicles, and that the provisions relating to motor cars, motors cycles and ordinary cycles in rules 2 & 4 will have to be omitted as the Regulations does not apply to such Conveyances. (2) ✓

2) Another important point for consideration is the amount of the licence fee proposed to be levied under the Rules. In Municipal towns owners of public Conveyances will have to pay now only the licence fees under the public Conveyance rules but also the animal and vehicle taxes that may be imposed

imposed under the Municipal Regn. The licence fees will have therefore to be fixed in such a manner that the payment of both does not prove a hardship. At the suggestion of the Bangalore City Municipality, Govt recently ordered, on the complaint of the owners of such vehicles, that they may be exempted from the payment of animal and vehicle taxes under the Munl. Regulations and made to pay only the licence fees according to the rates prevailing in the Cantonment Station of Bangalore. The Improvement City Munl. Council may well consider the desirability of exempting all public conveyances from animal and vehicle taxes, the licence fees now proposed being suitably increased.

3)

3) I am to state further that the rules require the addition of certain verbal additions and alterations as detailed hereunder:

(a) In rule 4A, the following may be added to form III:—

"The annuals used for the conveyance should be fit for the purpose for which they are intended to be used and should be thoroughly broken to harness" (4)

(b) Omit rule 4-B. (5)

(c) Rules i & ii of C may be renumbered as appropriate rules. (6)

(d) In the Note under rule 4 form V, the words "will be required during nights" may be omitted and the following inserted:—

"and shall be lit up during the period between (7)

half an hour after sunset and half an hour before sunrise."

(c) The note after the table of fares may be omitted.

(f) With reference to the note under rule 7, it should be considered whether it is desirable to treat each case individually on its own merits

(9) 4) I am to request that the rules may be referred to the Municipal Council for consideration in the light of the above remarks and a copy of the rules finally adopted by them may be submitted in duplicate in due course, typed on half margin.
